Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0 individual / \$0 family	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	Yes. In network Preventive care is covered before you meet your deductible	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes, \$2,250 individual / \$4,500 family prescription drug deductible	You must pay all of the costs for these services up to the specific prescription drug deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$9,450 individual / \$18,900 family	If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, out-of-network provider charges, balance-billing charges, healthcare this plan doesn't cover, and penalties for failure to obtain prior authorization for services or the difference in cost when a brand name drug is dispensed instead of its generic equivalent.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.CGCares.org/Find-a-Doctor or call 877-514-2442 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
