YOUR RIGHT TO RETURN POLICY

Please read your Policy, including this Certificate, immediately. If you are not satisfied with it for any reason, you can return it within 10 days from receipt of this Policy. Upon return, this Policy becomes invalid. We will refund any premium payments you have made, less any claims paid by us.

GUARANTEED RENEWABILITY

This Policy is guaranteed renewable unless one of the exceptions in the "When Coverage Ends" section becomes applicable.

COVERAGE UNDER THIS POLICY IS LIMITED TO NETWORK PROVIDERS

This Policy is an Exclusive Provider Organization plan. Covered Health Services must be provided by a Network Provider. Network Providers have agreed to accept discounted payment for Covered Health Services with no additional billing to the Covered Person other than Copayment, Coinsurance and Deductible amounts. You may be billed by your Network Provider(s) for any non-Covered Health Services you receive or when you have not acted in accordance with this Policy.

NO BENEFITS WILL BE PAID WHEN NON-NETWORK PROVIDERS ARE USED

In most cases, there is no coverage for Covered Health Services provided by Non-Network Providers. You will be fully responsible for payment of care provided by Non-Network Providers. However, you may receive care from Non-Network Providers in these limited circumstances: Covered Health Services for Emergency Health Services, for out of Service Area urgent care, and for services we determine qualify in the Limited Covered Health Services from Non-Network Providers provision. In these limited circumstances, the amount we pay is limited to the amount we determine in accordance with the Maximum Allowed Amount as defined in Section 7: *Definitions* of this Certificate. You may be responsible for paying any difference between the amount the Non-Network Provider charges and the Maximum Allowed Amount we pay.

You may obtain further information about the status of Providers and information on out-of-pocket expenses by calling our Member Services department at 877.514.2442 or by clicking on the "Find a Doctor" button located on our website home page at WWW.COMMONGROUNDHEALTHCARE.ORG.

THIS POLICY CONTAINS A PRIOR AUTHORIZATION REQUIREMENT

Benefits may be reduced or excluded if you fail to pre-authorize certain treatment and procedures. Read the Prior Authorization provision carefully. A Prior Authorization is not a guarantee of payment of benefits.

THIS POLICY DOES NOT CONTAIN PEDIATRIC DENTAL SERVICES

This policy does not include pediatric dental services that are required under the federal Patient Protection and Affordable Care Act. You may purchase a stand-alone dental care plan through the Marketplace.

COMMON GROUND HEALTHCARE COOPERATIVE CERTIFICATE OF COVERAGE

CERTIFICATE OF COVERAGE IS PART OF THE POLICY

This Certificate is part of the Policy and is a legal document between Common Ground Healthcare Cooperative (CGHC) and you to provide Benefits to Covered Persons, subject to the terms, conditions, exclusions and limitations of the Policy.

In addition to this Certificate the Policy includes:

- The Schedule of Benefits
- Amendments and Riders
- Notices
- Your Application

This Certificate is your main source of information regarding the Benefits available to you under the Policy. If there is a conflict between this Certificate and any summaries provided to you, this Certificate will control with respect to the Benefits we are obligated to provide to you.

CHANGES TO THE DOCUMENT

We may from time to time modify this Certificate by attaching legal documents called Riders and/or Amendments that may change certain provisions of this Certificate. When that happens, we will send new Certificate, Rider or Amendment pages. No one can make any changes to the Policy unless those changes are in writing.

OTHER INFORMATION YOU SHOULD HAVE

We have the right to change, interpret, modify, withdraw, add Benefits, or to terminate the Policy, as permitted by law, without your approval.

On its Effective Date, this Certificate replaces and overrules any Certificate that we may have previously issued to you. This Certificate will in turn be overruled by any Certificate we issue to you in the future.

This Policy will take effect on the date specified on your member ID card. Coverage under the Policy will begin at 12:00 midnight on your effective date and end at 11:59 pm Central Time on the date of your termination. This Policy will remain in effect as long as the Policy Premiums are paid when they are due, subject to the When Coverage Ends provision of the Policy.

We are delivering the Policy in the State of Wisconsin.

INTRODUCTION TO YOUR CERTIFICATE

This Certificate of Coverage (referred to simply as your Certificate) describes your covered Benefits, Exclusions and Limitations as well as your rights and responsibilities as an insured member of Common Ground Healthcare Cooperative. You may call us at 877.514.2442 to request that a printed copy of this Certificate be mailed to you.

HOW TO USE THIS DOCUMENT

We encourage you to read your Certificate and any attached Riders and/or Amendments carefully.

We encourage you to review the Benefits and the limitations of this Certificate by reading the Schedule of Benefits along with Section 1: *Covered Health Services* and Section 2: *Exclusions and Limitations*. You should also carefully read Section 6: *General Legal Provisions* to better understand how this Certificate and your Benefits work. You should call us at 877.514.2442 if you have questions about the limits of the coverage available to you.

Many of the sections of this Certificate are related to other sections of the document. You may not have all of the information you need by reading just one section. We would encourage you to keep your Certificate and Schedule of Benefits and any attachments in a safe place for your future reference.

If there is a conflict between this Certificate and any summaries provided to you, this Certificate will control with respect to the Benefits we are obligated to provide to you.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

INFORMATION ABOUT DEFINITIONS

Because this Certificate is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in Section 7: *Definitions*. You can refer to Section 7: *Definitions* as you read this document to have a better understanding of your Certificate.

When we use the words "we," "us," and "our" in this document, we are referring to Common Ground Healthcare Cooperative. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in Section 7: *Definitions*.

DON'T HESITATE TO CONTACT US

Throughout the document, you will find statements that encourage you to contact us for further information. Whenever you have a question or concern regarding your Benefits, claims, Providers, Premium, invoices or other questions, please call our Member Services Department at 877.514.2442. This number is also listed on your ID card. Helping our Covered Persons understand their Benefits is an important part of our mission as a non-profit Cooperative, and it will be our pleasure to assist you when you call.

YOUR RESPONSIBILITIES

PAYING REQUIRED PREMIUMS

You must make Premium payments to us by the specified due date in order for you to remain enrolled and receive Benefits. Your Premium is due on the 25th of the preceding month that you will receive coverage (i.e. Premium due on May 25 is for coverage throughout the month of June). You have a grace period for paying Premiums.

31 Day Grace Period:

If you do not receive an advanced premium tax credit (APTC) that lowers the amount you pay toward your monthly coverage, and you fail to pay Premium within 31 days after the due date, your coverage will terminate as of the last day of the last month for which we receive Premium. When mailing your payment, please allow up to seven days for it to be received and processed. You are not considered to have paid your Premium until we receive your payment.

3 Month Grace Period:

If you receive an advanced premium tax credit (APTC) and you fail to pay your Premium when due you are given a 3 month grace period which begins on the 1st day of the coverage month for which Premium was not received. If full payment of all billed Premium is not received by the end of the grace period, your coverage will terminate as of the last day of the first month of the 3 month grace period as outlined on your invoice. When mailing your payment, please allow up to seven days for it to be received and processed. You are not considered to have paid your premium until we receive your payment.

Grace period timeframes may be adjusted due to federal law.

Except for annual changes to your Premium based on your age, we generally won't change your Premium unless we change the Premium of everyone to whom we issued this Policy in our Service Area. However, if you become covered under this Policy as a non-tobacco user and we determine that you are a tobacco user, we will modify Premium rates applicable to you to reflect this status. If we increase your Premium by more than 25% we will provide you with 60 days prior written notice.

Many people receive a tax credit (APTC) from the federal government that lowers the amount they pay toward their monthly health insurance premium payment. If you lose eligibility of the APTC or your APTC changes, the amount you owe for Premium will change. These determinations are made by the federal Marketplace (Healthcare.gov) and not by CGHC. If you have a question regarding your APTC, please contact the federal Marketplace at 800.318.2596.

Special Note Regarding Paying of Premiums on Non-effectuated or Terminated Policies: Payments of Premium made beyond the date it is due, will be returned to you less any claims paid for any period during which your Policy was not active. Our acceptance of the Premium beyond the due date does not constitute an activation or continuation of a non-effectuated or terminated Policy.

BE AWARE THIS POLICY DOES NOT PAY FOR ALL HEALTH SERVICES

Your right to Benefits is limited to Covered Health Services. The extent of this Policy's payments for these Covered Health Services and any obligation that you may have to pay for a portion of the cost of these Covered Health Services is set forth in the Schedule of Benefits. There are NO Benefits for services provided by Non-Network Providers, except in very limited circumstances outlined in the Limited Health Services from Non-Network Providers provision.

DECIDE WHAT SERVICES YOU SHOULD RECEIVE

Decisions on your care are between you and your Physicians. We do not make the decision about the kind of care you should or should not receive. If you choose to receive care that is not a Covered Health Service, you may have to pay the entire cost of that care.

CHOOSE YOUR NETWORK PHYSICIAN

It is your responsibility to select the Network health care professionals who will deliver care to you. We arrange for Physicians and other health care professionals and facilities to participate in our Network, which mainly consists of Aurora Health Care and Bellin Health Care providers. Our credentialing process confirms public information about the professionals and facilities licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

The availability of providers in our Network is subject to change. You may find that a particular Network Provider is not accepting new patients or has left the Network. If a Provider leaves the Network or is otherwise not available to you, you must choose another Network Provider to receive Benefits under this Policy.

Our Network Provider health systems are in the best position to help you select a doctor. Both Aurora Healthcare and Bellin Health System offer phone numbers that their patients may call for assistance in finding a Provider. If you would like to contact Aurora Healthcare, you may call 888.720.2012. If you would like to contact Bellin Health System, you may call 888.758.7373. While this may be helpful to you in choosing a physician, please understand that this does not relieve you of the responsibility of ensuring the physician you choose is in Network. Please visit our website at cgcares.org/find-a-doctor/ or call us at 877.514.2442 to make certain the doctor you select is in our Network.

PAY YOUR SHARE

You must pay any applicable Deductible, Copayment and/or Coinsurance for most Covered Health Services. These payments are due at the time of service or when billed by the Network Provider. Deductible, Copayment and Coinsurance amounts are listed in the Schedule of Benefits. Under limited circumstances when we pay a Non-Network Provider listed in the Limited Health Services from Non-Network Providers provision, you may also be required to pay any amount that exceeds the Maximum Allowed Amount.

PAY THE COST OF EXCLUDED SERVICES

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Certificate's exclusions.

SHOW YOUR IDENTIFICATION CARD

You should show your identification (ID) card every time you request healthcare services. Showing your ID card will help ensure timely and accurate submission of your claims.

PROVIDE US WITH WRITTEN NOTICE OF LOSS/YOUR CLAIMS

Generally, your Provider will send us claims for treatment you receive. Technically, this is your responsibility. This is important to understand because we must receive written proof of loss within 90 days from the date you received services from your Provider. If written proof of loss is not received by us within 15 months of the date of service, we may reject your claim.

The claims submitted by your Providers will usually be sufficient for us to process the claims. Sometimes, we may need additional information from you, your Provider or a third party to determine our liability. We need you to cooperate in getting us the needed information. If we are unable to obtain the necessary information, we may deny your claim.

OUR RESPONSIBILITIES

DETERMINE BENEFITS

We make administrative decisions regarding whether this Policy will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your Providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this Certificate, the Schedule of Benefits, and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may delegate this discretionary authority to other persons or entities that may provide administrative services for this Certificate, such as a pharmacy benefits administrator. The identity of the service providers and the nature of their services may be changed from time to time at our discretion. To receive Benefits, you must cooperate with those service providers.

PAY NETWORK PROVIDERS

When you receive Covered Health Services from Network Providers, you should not have to submit a claim to us. We will pay Non-Network Providers only in limited circumstances as specified in the Limited Covered Health Services from Non-Network Providers provision.

REVIEW/DETERMINE BENEFITS IN ACCORDANCE WITH OUR REIMBURSEMENT POLICIES

We develop our reimbursement policy guidelines, in our sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Once a claim is received, we will review the claim for accuracy and validity (e.g., error, abuse and fraud reviews). After that, our reimbursement policies are applied consistently across our membership to Provider claims. We will determine the Eligible Expenses and Maximum Allowed Amount. We share our reimbursement policies with Network Providers. Network Providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, Non-Network Providers are not subject to this prohibition, and may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed.

YOUR COVERAGE

WHEN COVERAGE BEGINS

HOW TO ENROLL

Eligible Persons must complete an application. You may apply through Health Insurance Marketplace or Healthcare.gov, and hereinafter called "the Marketplace." You may also obtain an application directly from us or from a health insurance agent that is appointed to sell our Policies. We will not provide Benefits for health services that you receive before your Effective Date of coverage.

IF YOU ARE HOSPITALIZED WHEN YOUR COVERAGE BEGINS

If you are inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, we will pay Benefits for Covered Health Services received on or after your first day of coverage related to that Inpatient Confinement as long as you receive Covered Health Services in accordance with the terms of the Policy. These Benefits are subject to any prior carrier's obligations under state law or contract.

You must notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible.

IF YOU ARE ELIGIBLE FOR MEDICARE

Your Benefits under this Policy will be reduced if you are eligible for Medicare, even if you do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits under this Policy will also be reduced if you are enrolled in a Medicare Advantage (Medicare Part C) Plan but fail to follow the rules of that Plan. Please see Medicare Eligibility in Section 6: *General Legal Provisions* for more information about how Medicare may affect your Benefits.

WHO IS ELIGIBLE FOR COVERAGE

If you apply for coverage through the Marketplace, the Marketplace will determine whether you are eligible to enroll under this Policy and who qualifies as a Dependent. If you apply directly with us, then we determine who is eligible to enroll under this Policy and who qualifies as a Dependent.

ELIGIBLE PERSON

When an Eligible Person enrolls, we refer to that person as a Covered Person or Subscriber. For a complete definition of Eligible Person and Subscriber, see Section 7: *Definitions*. Eligible Persons must reside within our Service Area.

DEPENDENT

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see Section 7: *Definitions*.

WHEN TO ENROLL AND WHEN COVERAGE BEGINS

Eligible Persons can only enroll as follows:

- OPEN ENROLLMENT PERIOD

Eligible Persons can enroll themselves and their Dependents during the annual Open Enrollment Period as defined by the Centers for Medicare & Medicaid Services (CMS). The first date of your coverage (Effective Date) is dependent on when you enroll. Your Effective Date can be found on your ID card. You do not have coverage until the day of your Effective Date.

- SPECIAL ENROLLMENT PERIOD

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. Special enrollment periods are triggered by qualifying life events (QLE) as determined under state and federal law. Some examples of QLEs are birth or adoption of a child, marriage, divorce, loss of a job and death of a spouse. Your eligibility to enroll and the Effective Date of your coverage depends on the type of QLE. For details on how to enroll due to a QLE, contact us at 855-494-2667.

For newborns, we must receive notification of the birth and any required Premium within 60 days after the date of birth. If you fail to notify us and do not make any required payment beyond the 60-day period, coverage will not continue, unless you make all past due payments with the applicable state allowable interest rate, within one year of the child's birth. In this case, Benefits are retroactive to the date of birth. If you have a Marketplace plan, you must add Dependents, including newborns, through the Marketplace. The Marketplace rules will govern whether a Dependent can be added.

WHEN COVERAGE ENDS

GENERAL INFORMATION ABOUT WHEN COVERAGE ENDS

We may discontinue coverage under this Certificate and Policy at any time for the reasons explained in this section, as permitted by law.

You and your dependents entitlement to Benefits automatically end on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will pay claims for Covered Health Services that you receive before the date on which your coverage ended. We will not pay claims for any health services received after your termination date, even if the medical condition that is being treated occurred before the date your coverage ended.

EVENTS ENDING YOUR COVERAGE

For the events listed below, the effective date of the termination is specified. If more than one category is applicable, your coverage will end on the earliest of the dates.

You Fail to Pay Premiums

If you receive an advanced premium tax credit (APTC) and you fail to pay in full all Premiums due within three months of the date they are due, then we may terminate your coverage as of the last day of the first month of the applicable grace period. In all other cases, if you fail to pay Premiums within 31 days after the date they are due, then we may terminate your coverage as of the last day of the last month for which we received Premiums.

Fraud or Intentional Misrepresentation of a Material Fact

You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include false information relating to another person's eligibility or status as a Dependent, or submission of false, misleading or fraudulent claims or documentation related to claims.

During the first two years this Policy is in effect, we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under this Policy. After the first two years, we can only demand that you pay back these Benefits if the written application contained a fraudulent misstatement.

The Entire Policy Ends

Your coverage ends on the date this Policy (including your certificate) ends.

You Are No Longer Eligible

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to Section 7: *Definitions* for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent." If a Dependent reaches age 26 in a calendar year, his/her eligibility as a Dependent will end on the last day of the calendar year in which he/she reaches age 26. He or she can apply for coverage under his or her own policy when Dependent coverage ends. This section may not apply to certain children with disabilities as described below.

You Move Out of the Service Area

Your coverage ends 60 days following a permanent move out of our Service Area. This includes moves out of state, as well as those within Wisconsin if they are out of our Service Area. You are eligible for a special enrollment period to obtain new coverage through another insurance company.

We Receive Notice to End Coverage

If you enrolled through the Marketplace, your coverage ends on the later of 14 days after the date we receive written notice from you instructing us to end your coverage, or on the date requested in the notice from the Marketplace. If you enrolled directly with us, then your coverage ends on the last day of the calendar month in which we receive written notice from you instructing us to end your coverage. If you are terminating your coverage because you are newly eligible for Medicaid, CHIP, or the Basic Health Plan, the last day of coverage is the day before the other coverage begins.

COVERAGE FOR A DISABLED DEPENDENT CHILD

Coverage for an unmarried Enrolled Dependent child who is disabled will not end because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of mental or physical handicap or disability.
- Depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent is medically certified as disabled and dependent unless coverage is otherwise terminated in accordance with the terms of this Policy.

We will ask you to furnish us with proof of the medical certification of disability within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician chosen by us examine the child. We will pay for that examination.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year, after the two-year period immediately following the time the child reaches the limiting age.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

HOW TO OBTAIN COVERED SERVICES

Network Providers are the key to providing and coordinating your health care services. Benefits are provided when you obtain Covered Health Services from Network Providers. Services you obtain from any Provider other than a Network Provider are considered a Non-Network service and are NOT covered, unless otherwise indicated in this Certificate.

You are responsible for making sure your Provider, including laboratories, imaging centers, surgical centers and Hospitals are in Network and that Prior Authorization has been obtained when required. See the Prior Authorization provision to understand which services require Prior Authorization.

NETWORK SERVICES AND BENEFITS

Covered Health Services are provided by Network Providers. Network Providers include Primary Care Physicians (PCP), Specialty Care Physicians (SCP), other professional Providers, Hospitals, and other facility Providers who contract with us to perform services for you. PCPs include general practitioners, internists, family practitioners, pediatricians, obstetricians & gynecologists, geriatricians or other Network Providers as allowed by this Policy. The PCP is the Physician who may provide, coordinate and arrange your health care services. SCP's are Network Physicians who provide specialty medical services not normally provided by a PCP.

No Benefits will be provided for care that is not a Covered Health Service even if performed by a PCP, SCP, or any other Network Provider. We have final authority to determine coverage eligibility for a service based upon our Medical Necessity determination.

For services rendered by Network Providers:

- You will not be required to file any claims for services you obtain directly from Network Providers. Network Providers will seek compensation for Covered Health Services rendered from us and not from you except for any applicable Coinsurance, Copayments, and/or Deductible. You may be billed by your Network Provider(s) for any non-Covered Health Services you receive or when you have not acted in accordance with this Certificate. You are also responsible for services that are not Covered Health Services, including those that are not Medically Necessary or excluded from coverage.
- We do not decide what care you need or will receive. You and your Physician make those decisions.

NON-NETWORK SERVICES

Services which are not obtained from a Network Provider will be considered a Non-Network service and will NOT be covered, unless specified in the Limited Covered Health Services from Non-Network Providers provision.

OUT OF SERVICE AREA SERVICES

Benefits for medical services at Providers that are located outside of our Service Area, including those located outside of the State of Wisconsin are only payable as specified in the Limited Covered Health Services from Non-Network Providers provision. The only way to ensure you will not have additional amounts to pay is to stay in Network for all Covered Health Services.

RELATIONSHIP OF PARTIES (Us – NETWORK PROVIDERS)

The relationship between us and Network Providers is an independent contractor relationship. Network Providers are not our agents or employees, nor are we employees or agents of Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Health Service under your Certificate. We are not responsible for any claim or demand because damages arising out of, or in any manner connected with, any injuries suffered by a Member while receiving care from any Network Provider or in any Network Provider's facilities.

Your Network Provider's agreement for providing Covered Health Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. However, we do not require female Covered Persons to obtain a referral for covered obstetric or gynecological services from a Network Provider specializing in obstetrics/gynecology care.

NOT LIABLE FOR PROVIDER ACTS OR OMISSIONS

We are not responsible for the actual care you receive from any person. This Certificate does not give anyone any claim, right or cause of action against us based on the actions of a Provider of health care services or supplies.

IDENTIFICATION CARD

When you receive care, you must show your ID Card. Only a Covered Person who has paid the Premiums under this Certificate has the right to services or Benefits under this Certificate. If anyone receives services or Benefits to which they are not entitled to under the terms of this Certificate, he/she is responsible for the actual cost of the services or Benefits.

CONTINUITY OF CARE

If your primary care provider (defined as family practice, general practice, internal medicine, pediatrics, geriatrics, OB/GYN, or nurse practitioner or physician assistant practicing in a primary care provider role) was part of the CGHC Network when you enrolled but later terminates their Network participation, you have the right to continue to access that Provider at the Network level of Benefits through the end of the calendar year.

If you are undergoing a course of treatment with a Provider who is not a primary care provider as defined above, and that Provider's participation in the Network terminates, you have the right to continue to access that Provider at the Network level of benefits for up to 90 days or the end of your course of treatment, whichever is shorter.

If you are in your 2nd or 3rd trimester of pregnancy and your Provider terminates their Network participation, you have the right to continue to access that Provider for your maternity care at the Network level of benefits until the completion of postpartum care.

The Continuity of Care provisions described above only apply in situations where providers who were part of the CGHC Network at the time you enrolled leave the Network. They do not apply if you are switching to CGHC coverage from another health insurance company. In addition, the provisions outlined in this section are not applicable for Providers who are no longer practicing in the Service Area or who were terminated from the Network for failure to meet credentialing standards.

If you wish to exercise your Continuity of Care rights and continue seeing your Provider for the time period specified above, please contact our Member Services staff at 877.514.2442 so that we can ensure your claims are processed appropriately. Our Member Services staff can also assist you in selecting another Network Provider for your care.

COMMON GROUND HEALTHCARE COOPERATIVE BENEFITS

ACCESSING BENEFITS

Network Benefits apply to Covered Health Services that are provided by a Network Provider. Emergency Health Services are paid at the Network rate of payment even if received at a Non-Network facility. You may receive services from Non-Network Providers while at a Network Facility. Those services will be processed at the Network rate of pay, subject to the Maximum Allowed Amount.

You must show your ID card every time you request health care services. If you do not show your ID card, Network Providers have no way of knowing that you are enrolled under a CGHC Policy. As a result, they may bill you for the entire cost of the services you receive.

The Certificate of Coverage and the Schedule of Benefits are your primary source for accurate information about your Benefits. If you have been provided any other summaries, the Certificate of Coverage and Schedule of Benefits will control.

PRIOR AUTHORIZATION

Your Provider must obtain Prior Authorization for certain Covered Health Services by calling 877.779.759. This helps us ensure that you receive high quality, cost-effective services. The services requiring Prior Authorization are listed later in this provision. You are responsible for making sure the Prior Authorization has been obtained.

Network Providers will generally obtain Prior Authorization before they provide these services to you. However, it is ultimately your responsibility to ensure Prior Authorization was obtained. Services for which Prior Authorization is required are identified below.

Before receiving Covered Health Services from a Network Provider, contact us at 877.514.2442 to verify that the Hospital, Physician and other Providers are Network Providers and to receive the status of a Prior Authorization request. Our Member Services Representatives can tell you whether the Prior Authorization is approved, denied or is still pending as of 48 hours prior to the time you call.

Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what Providers are authorized to deliver the services that are subject to the authorization.

If you fail to obtain written Prior Authorization for designated services, Eligible Expenses will be reduced by 50% up to a maximum penalty of \$1500 per service. The 50% reduction or penalty amount will apply first, before Deductible, Coinsurance, or any other Plan payment or action. The 50% reduction or penalty amount does not apply toward your Deductible, Coinsurance or Maximum Out-of-Pocket.

A Prior Authorization is not a guarantee benefits will be paid. It is a determination that the services meet the definition of Medical Necessity. We authorize services or supplies based on the information that is available at the time of the authorization. If the bill that is submitted does not match the service authorized, the service may not be paid. The authorization does not guarantee a Covered

Person's eligibility or Benefits under this Certificate. We make Benefit determinations in accordance with all the terms, conditions, limitations and exclusions of this Certificate. Your Policy must be in effect at the time services are rendered.

COVERED HEALTH SERVICES WHICH REQUIRE PRIOR AUTHORIZATION

The Prior Authorization request for non-emergency or non-urgent situations must be received by us at least fifteen (15) business days prior to the anticipated date of your service/procedure. Please note that for urgent or emergency admissions, Prior Authorization must be obtained within 48 hours after the admission or the next business day. Please note that a request for Prior Authorization does not guarantee approval of services. We will notify you in writing of the decision regarding a determination for non-emergency or non-urgent outpatient services.

If your Provider determines that additional care beyond the services specified or the length of time originally authorized is needed, you must contact us to request that we extend the original Prior Authorization. You and your Provider will be notified whether the request for an extension is approved or denied.

Prior Authorization must be obtained regardless of whether Common Ground Healthcare Cooperative is your primary or secondary health insurance carrier. Prior Authorization does not guarantee coverage.

We encourage our Covered Persons to take an active and informed role in their health care decision-making and help keep costs down for all Covered Persons of our non-profit cooperative. If you and/or your doctor decide on a course of treatment that is more costly or invasive than an alternate course of treatment that is less expensive OR less invasive but is medically appropriate AND effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, substance use disorder or their symptoms, then claims may be reduced or denied. As part of our interpretation of Covered Health Services in this Certificate under Section 7: *Health Services Definitions*, we reserve the right to define our clinical protocols based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness.

If you request a coverage determination at the time Prior Authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those

received, our final coverage determination will be modified to account for those differences, and we will only pay Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Covered Health Service, you will be responsible for paying all charges and no Benefits will be paid.

SPECIAL NOTE REGARDING MEDICARE

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under this Policy), the Prior Authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in Section 5: *Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Services.

ELIGIBLE EXPENSES

Eligible Expenses are the amount we determine that we will pay for Benefits subject to the Maximum Allowed Amount.

For Network Benefits, you are not responsible for any difference between the Maximum Allowed Amount and the amount the Provider bills. You are responsible for any applicable Deductible, Copayment or Coinsurance.

For Limited Health Services from Non- Network Providers under this Certificate, you are responsible for paying, directly to the Non-Network Provider, any difference between the amount the Non-Network Provider bills you and the Maximum Allowed Amount, and payment of any applicable Deductible, Copayment or Coinsurance. Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines.

PROVIDER NETWORK

We arrange for health care Providers to participate in a Network. Network Providers are independent practitioners. They are not our employees. We are happy to assist you in understanding which Providers participate in our Network, but it is your responsibility to select your Provider.

Our Network Provider health systems are in the best position to help you select a doctor. Both Aurora Healthcare and Bellin Health System offer phone numbers that their patients may call for assistance in finding a Provider. If you would like to contact Aurora Healthcare, you may call 888.720.2012. If you would like to contact Bellin Health System, you may call 888.758.7373. While this may be helpful to you in choosing a physician, please understand that this does not relieve you of the responsibility of ensuring the physician you choose is in Network. Please visit our website at cgcares.org/find-a-doctor/ or call us at 877.514.2442 to make certain the doctor you select is in Network.

Our credentialing process confirms public information about the Providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services, you should always verify the Network status of a Provider. A Provider's status may change. A directory of Network Providers is available online at WWW.COMMONGROUNDHEALTHCARE.ORG or by calling us at 877.514.2442.

It is possible that you might not be able to obtain services from a particular Network Provider. The Network

of Providers is subject to change. Or you might find that a particular Network Provider may not be accepting new patients. If a Provider leaves the Network or is otherwise not available to you, you must choose another Network Provider to get Network Benefits, except as provided in the Continuity of Care provision of this Certificate.

Do not assume that a Network Provider's agreement includes all Covered Health Services. Some Network Providers contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network Providers choose to be a Network Provider for only some of our products. Please refer to your designated Network Provider directory.

DESIGNATED FACILITIES AND DESIGNATED PHYSICIANS

If you have a medical condition that we believe needs special services, we may direct you to a Designated Facility or Designated Physician chosen by us. If you require certain complex Covered Health Services for which expertise is limited, we may direct you to a Network facility or Provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Facility or Designated Physician, we may reimburse certain travel expenses at our discretion.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Physician or other Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Physician. If you do not notify us in advance, and if you receive services from a Non-Network facility (regardless of whether it is a Designated Facility) or other Non-Network Provider, Benefits will not be paid.

LIMITED COVERED HEALTH SERVICES FROM NON-NETWORK PROVIDERS

There are generally no benefits payable for treatment provided by Non-Network Providers. Benefits are payable only under these limited circumstances:

- Emergency Health Services performed at a Non-Network facility or by Non-Network providers. Once the Emergency has been stabilized, ongoing hospitalization and any follow up care must be provided by Network Providers.
- Medically Necessary Urgent Care services at out of Service Area Providers when a Covered Person is traveling or a dependent residing outside of our Service Area. Any follow-up care must be provided by Network Providers.
- You obtain a written referral from a Network provider to see a Non-Network Provider AND the written referral is approved by us before services are rendered. Any Services the Non-Network Provider recommends must comply with all provisions of Policy, including Prior Authorization. If you fail to obtain the written, approved referral prior to treatment, NO payment will be made for those services. If you fail to get a Prior Authorization, payment will be denied pending submission of the Prior Authorization. If the authorization is approved after services are rendered (except in cases of emergency), the penalty listed in the Prior Authorization section will apply.
- For a Dependent Student Member of your Certificate who attends school outside of the Service Area, we will treat as Covered Health Services, Non-Network Emergency Medical Services or Urgent Care services. Any follow-up care must be provided by Network Providers.
- For a Dependent Student Member of your Certificate who attends an Institution of Higher Learning outside of the Service Area, but inside the State of Wisconsin, we will treat as Covered Health Services, a clinical assessment by a Non-Network Provider and 5 visits for outpatient behavioral health or addiction treatment. We reserve the right to select the provider of those

services. Notify us prior to receiving treatment, or as soon as possible.

Please note that even if we treat a Non-Network provider as a Network Provider for the purposes of level of payment, the Non-Network Provider can still bill you for amounts over and above the Maximum Allowed Amount.

REFERRAL PROCESS FOR NON-NETWORK PROVIDERS

If you need to seek treatment from a Non-Network Provider, your Network Provider must complete a Referral Form that must be submitted to and approved by us before services are rendered. If the Referral Process is not followed, no benefits will be payable.

SECTION 1: COVERED HEALTH SERVICES

BENEFITS FOR COVERED HEALTH SERVICES

Covered Health Services and Benefits are subject to the conditions, exclusions, limitations and provisions of this Certificate including any attachments or endorsements.

Benefits are available only if all of the following are true:

- Covered Health Services must be Medically Necessary and not Experimental/Investigational (except as described in the Clinical Trial section below). The fact that your Provider prescribes or recommends a service, treatment or supply does not make it Medically Necessary or a Covered Health Service, and does not guarantee payment.
- Covered Health Services are received by Network Providers except as listed in the Limited Covered Health Services from Non-Network Providers provision.
- Covered Health Services are received while this Policy is in effect.
- Covered Health Services are received prior to the date that any of the individual or group termination conditions listed in When Coverage Ends provision occurs.
- The person who receives Covered Health Services is a Covered Person and meets all eligibility requirements specified in this Policy.
- Proper Proof of Loss (which most of the time constitutes a claim sent directly to us from your Provider), was submitted within 90 days, but in no event, later than 15 months of the date of service.

This section describes Covered Health Services for which Benefits are available. Please refer to your Schedule of Benefits (sent as part of your welcome packet) for details about:

- The amount you must pay for these Covered Health Services (including any Deductible, Copayment and/or Coinsurance).
- Any limit that applies to these Covered Health Services (including visit, day and dollar limits on services and/or any Maximum Policy Benefit).
- Any limit that applies to the amount you are required to pay in a year (Out-of-Pocket Maximum).

Benefits for covered Prescription Drugs administered in a Physician's office are subject to the terms and conditions under the *Covered Health Services* section of this Certificate.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

1. AMBULANCE SERVICES

Coverage includes Covered Health Services such as emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance) provided to the nearest Hospital where Emergency Health Services can be performed.

- Your pickup location cannot be easily reached by ground transportation.
- Long distances or other obstacles, like heavy traffic, could stop you from getting care quickly if you traveled by ground ambulance.

Non-Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as we determine appropriate) between facilities when the transport is any of the following:

- To a Hospital that provides a higher level of care that was not available at the original Hospital.

We may also require documentation including medical records and treatment plans to verify any evidence-based behavioral therapy the insured received for Autism Spectrum Disorders that was provided to the Enrolled Dependent child prior to attaining nine years of age. Evidence-based behavioral therapy that was provided to the Enrolled Dependent child for an average of 20 or more hours per week over a continuous six-month period to be intensive-level services.

Examples of a "complication" are bleeding or infections, following a Cosmetic Procedure.

OUTPATIENT PRESCRIPTION DRUG INTRODUCTION

COVERAGE POLICIES AND GUIDELINES

Pharmaceutical Products are assigned to various tiers. The Plan makes the final classification of a Pharmaceutical Product to a certain tier by considering several factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Pharmaceutical Product, as well as whether notification requirements should apply. Economic factors may include, but are not limited to, the Pharmaceutical Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Pharmaceutical Product.

NOTE: We may periodically change the placement of a Pharmaceutical Product among the tiers. These changes generally occur quarterly, but no more than six (6) times per year. These changes may occur without prior notice to you. As a result of such changes, the tier status of a Pharmaceutical Product may change, and you may be required to pay more or less for that Pharmaceutical Product.

To determine the tiers to which Pharmaceutical Products are assigned, review the current CGHC Formulary at WWW.COMMONGROUNDHEALTHCARE.ORG or call the Pharmacy Benefit Member Services telephone number at 855-577-6545 which is also listed on the back of your ID card. The amount that you are required to pay for Pharmaceutical Products will vary depending upon the tier to which the Pharmaceutical Product is assigned.

Certain Pharmaceutical Products are subject to step therapy requirements. This means that in order to receive Benefits for such Pharmaceutical Products, you are required to use a different Pharmaceutical Product and/or prescription drug product first. You may determine whether a particular Pharmaceutical Product is subject to step therapy requirements at WWW.COMMONGROUNDHEALTHCARE.ORG or by calling 855-577-6545.

We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at WWW.COMMONGROUNDHEALTHCARE.ORG or by calling 855-577-6545. Some Prescription Drug Products are more cost effective for specific indications as compared to others; therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

When considering a Prescription Drug Product for tier placement, we review clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

IDENTIFICATION CARD— NETWORK PHARMACY

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the full amount for the Prescription Drug Product charged at the pharmacy.

You may seek reimbursement from us. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost, less the required Copayment and/or Coinsurance, and any deductible that applies.

Generally, there are no Benefits available for prescriptions filled at a Non-Network Pharmacy. However, in the event of an emergency, we will pay the Maximum Allowed Amount.

DESIGNATED PHARMACIES

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, your prescription will not be covered.

REBATES AND OTHER PAYMENTS

We may receive rebates for certain drugs included on the Prescription Drug List. We do not pass these rebates directly on to you, nor are they taken into account in determining your Deductible, Copayments and/or Coinsurance.

SECTION 3: COVERED PRESCRIPTION BENEFITS

Benefits are available for Prescription Drug Products only at a Network or Designated Pharmacy and are subject to Deductible, Copayments and/or Coinsurance. Refer to the Outpatient Prescription Drug section of your Schedule of Benefits.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

SPECIALTY PRESCRIPTION DRUG PRODUCTS

Benefits are provided for Specialty Prescription Drug Products.

If you require Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, your prescription will not be covered.

Please see Section 8: *Prescription Drug Definitions* for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

PRESCRIPTION DRUGS FROM A RETAIL NETWORK PHARMACY

Benefits are provided for Prescription Drug Products dispensed by a retail Network Pharmacy.

PRESCRIPTION DRUG PRODUCTS FROM A MAIL ORDER NETWORK PHARMACY

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy.

Please access WWW.COMMONGROUNDHEALTHCARE.ORG or call 855-577-6545 to determine if Benefits are provided for your Prescription Drug Product and for information on how to obtain your Prescription Drug Product through a mail order Network Pharmacy.

SECTION 5: COORDINATION OF BENEFITS

BENEFITS WHEN YOU HAVE COVERAGE UNDER MORE THAN ONE PLAN

This section describes how Benefits under the Policy will be coordinated with those of any other Plan that provides Benefits to you. The language in this section is from model laws drafted by the National Association of Insurance Commissioners (NAIC) and represents standard industry practice for coordinating Benefits. You must notify us if you have any other coverage that constitutes a "Plan" described below.

WHEN COORDINATION OF BENEFITS APPLIES

This Coordination of Benefits (COB) provision applies when a person has health insurance coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for Benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay Benefits in accordance with its Policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the Benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

DEFINITIONS

For purposes of this section, terms are defined as follows:

- A. A Plan is any of the following that provides Benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical Benefits under group or individual automobile contracts; and Medicare or any other Federal governmental plan, as permitted by law.
 2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; Benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other Federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. This Plan means, in a COB provision, the part of the contract providing the health care Benefits to which the COB provision applies and which may be reduced because of the Benefits of other plans. Any other part of the contract providing health care Benefits is separate from This Plan. A contract may apply one COB provision to certain Benefits, such as dental Benefits, coordinating only with similar Benefits, and may apply another COB provision to coordinate other Benefits.

The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines

payment for its Benefits first before those of any other Plan without considering any other Plan's Benefits. When This Plan is secondary, it determines its Benefits after those of another Plan and may reduce the Benefits it pays so that all Plan Benefits do not exceed 100% (TBD) of the total Allowable Expense.

C. Allowable Expense is a health care expense, including Deductible, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides Benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide Benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its Benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its Benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans.
5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.

D. Closed Panel Plan is a Plan that provides health care Benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes Benefits for services provided by other providers, except in cases of Emergency or referral by a Network Provider and approved by us.

E. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its Benefits according to its terms of coverage and without regard to the Benefits under any other Plan.

B. Except as provided in the next paragraph, a Plan that does not contain a coordination of Benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of Benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical Benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-Network Benefits.

C. A Plan may consider the Benefits paid or provided by another Plan in determining its Benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of Benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Plan that covers the person other than as a Dependent, for example as an employee, Member, policyholder, Subscriber or retiree is the Primary Plan and the Plan that covers the person as a Dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of Federal law, Medicare is secondary to the Plan covering the person as a Dependent; and primary to the Plan covering the person as other than a Dependent (e.g. a retired employee); then the order of Benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, Subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. Dependent Child Covered Under More Than One Coverage Plan. Unless there is a court decree stating otherwise, plans covering a Dependent child shall determine the order of Benefits as follows:

a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:

(1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or

(2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

b) For a Dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

(1) If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the Dependent child's health care expenses, but that parent's spouse does, that parent's spouse's Plan is the Primary Plan. This shall not apply with respect to any Plan year during which Benefits are paid or provided before the entity has actual knowledge of the court decree provision.

(2) If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of subparagraph

shall determine the order of benefits

(3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of subparagraph a) above shall determine the order of Benefits.

(4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of Benefits for the child are as follows:

- (a) The Plan covering the Custodial Parent.
- (b) The Plan covering the Custodial Parent's spouse.
- (c) The Plan covering the non-Custodial Parent.
- (d) The Plan covering the non-Custodial Parent's spouse.

c) For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the order of Benefits shall be determined, as applicable, under subparagraph (a) or (b) above as if those individuals were parents of the child.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of Benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of Benefits.

4. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other Federal law is covered under another Plan, the Plan covering the person as an employee, Member, Subscriber or retiree or covering the person as a Dependent of an employee, Member, Subscriber or retiree is the Primary Plan, and the COBRA or state or other Federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of Benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of Benefits.

5. Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, Member, policyholder, Subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of Benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When This Plan is secondary, it may reduce its Benefits so that the total Benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the Benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan.

The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total Benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, Benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

C. This Coverage Plan reduces its Benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Coverage Plan.

Medicare Benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare Benefits are determined as if the person were covered under Medicare Parts A and B.
- The person is enrolled in a Medicare Advantage (Medicare Part C) Plan and receives non-Covered Health Services because the person did not follow all rules of that Plan. Medicare Benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare Benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the Federal government. Medicare Benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a Plan with a Medicare Medical Savings Account. Medicare Benefits are determined as if the person were covered under Medicare Parts A and B.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health insurance coverage and services are needed to apply these COB rules and to determine Benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining Benefits payable under This Plan and other Plans covering the person claiming Benefits. You must cooperate with us in providing the information necessary to adjudicate your claims. Failure to do so may result in delay and claim denial.

We need not tell, or get the consent of, any person to do this. Each person claiming Benefits under This Plan must give us any facts we need to apply those rules and determine Benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

PAYMENTS MADE

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing Benefits in the form of services, in which case "payment made" means reasonable cash value of the Benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the Benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any Benefits provided in the form of services.

WHEN MEDICARE IS SECONDARY

If you have other health insurance which is determined to be primary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced Benefits. In no event will the combined Benefits paid under these coverages exceed the total Medicare Eligible Expense for the service or item.

INCENTIVES TO PROVIDERS

We pay Network Providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care. These incentives may also be designed to comply with the Quality Improvement Strategy provision of the Affordable Care Act.

We use various payment methods to pay specific Network Providers. From time to time, the payment method may change. If you have questions about whether your Network Provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your Provider. We can advise whether your Network Provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

INCENTIVES AND SERVICES OFFERED TO YOU

Sometimes we may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. In addition, we may offer free or discounted access to services, discount programs or other incentives to help you stay well. These incentives and services are not Benefits and do not alter or affect your Benefits. They can be discontinued at any time. Contact us if you have any questions.

REBATES AND OTHER PAYMENTS

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital. This includes rebates for those drugs that are administered to you before you meet any applicable Deductible. We do not pass these rebates on to you, nor are they applied to any Deductible or taken into account in determining your Copayments or Coinsurance.

INTERPRETATION OF BENEFITS

- Make factual determinations related to this Policy and its Benefits.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of this Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, in our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

ADMINISTRATIVE SERVICES

We may, in our sole discretion, arrange for various persons or entities to provide administrative services in regard to the Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in our sole discretion. You must cooperate with those persons or entities in the performance of their responsibilities.

AMENDMENTS TO THE POLICY

To the extent permitted by law, we reserve the right, in our sole discretion and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate this Policy.

Any provision of this Policy which, on its Effective Date, is in conflict with the requirements of state or Federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

INFORMATION AND RECORDS

We may use your individually identifiable health information to administer the Policy and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use your de-identified data for commercial purposes, including

research, as permitted by law. More detail about how we may use or disclose your information is found in our Notice of Privacy Practices.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's application. We agree that such information and records will be considered confidential.

Failure to cooperate in obtaining information necessary to properly adjudicate your claims may result in delay and denial of those claims. This applies to all Benefit determinations, including those for coordination of benefits and subrogation.

We have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Policy, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our Notice of Privacy Practices.

For complete listings of your medical records or billing statements we recommend that you contact your health care Provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Our designees have the same rights to this information as we have.

SECOND OPINION AND MEDICAL EXAMINATION OF COVERED PERSONS

We reserve the right to require an ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs at our expense to determine whether the service or supply meets the definition of a Covered Health Service.

WORKERS' COMPENSATION NOT AFFECTED

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by Workers' Compensation insurance.

MEDICARE ELIGIBILITY

Benefits under the Policy are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Policy.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Policy), you should

enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in Section 9: *Coordination of Benefits*, we will pay Benefits under the Policy as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a Medicare Advantage (Medicare Part C) Plan on a primary basis (Medicare pays before Benefits under the Policy), you should follow all rules of that Plan that require you to seek services from that Plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Policy as if you had followed all rules of the Medicare Advantage Plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

SUBROGATION AND REIMBURSEMENT

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefit, we shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type for the reasonable value of any services and Benefits we provided to you, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this Certificate, we shall also have an independent right to be reimbursed by you for the reasonable value of any services and Benefits we provide to you, from any or all of the following listed below.

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), Workers' Compensation coverage, other insurance carriers or third party administrators.
- Any person or entity who is liable for payment to you on any equitable or legal liability theory. These third parties and persons or entities are collectively referred to as "third Parties."

You agree as follows:

- That you will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement, including:
 - Providing any relevant information requested by us.
 - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any accident or injuries.
 - Making court appearances.
 - Obtaining our consent or our agents consent before releasing any party from liability or payment of medical expenses.
- That we have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That no court costs or attorney's fees may be deducted from our recovery without our express written consent; any so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund

Doctrine" shall not defeat this right, and we are not required to participate in or pay court costs or attorneys' fees to the attorney hired by you to pursue your damage/personal Injury claim.

- That after you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, with such proceeds available for collection to include any and all amounts earmarked as non-economic damage settlement or judgment.
- That Benefits paid by us may also be considered to be Benefits advanced.
- That you agree that if you receive any payment from any potentially responsible party as a result of an Injury or illness, whether by settlement (either before or after any determination of liability), or judgment, you will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of your duties hereunder.
- That we may set off from any future Benefits otherwise provided by us the value of *Benefits* paid or advanced under this section to the extent not recovered by us.
- That you will not accept any settlement that does not fully compensate or reimburse us without our written approval, nor will you do anything to prejudice our rights under this provision.
- That you will assign to us all rights of recovery against third Parties, to the extent of the reasonable value of services and *Benefits* we provided, plus reasonable costs of collection.
- That our rights will be considered as the first priority claim against third Parties, including tortfeasors from whom you are seeking recovery, to be paid before any other of your claims are paid.
- That we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name, which does not obligate us in any way to pay you part of any recovery we might obtain.
- That we shall not be obligated in any way to pursue this right independently or on your behalf.
- That in the case of your wrongful death, the provisions of this section will apply to your estate, the personal representative of your estate and your heirs or beneficiaries.
- That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a third Party. If a parent or guardian may bring a claim for damages arising out of a minor's Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

REFUND OF OVERPAYMENTS

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment we made exceeded the Benefits under the Policy.

- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

We may also choose to recover overpayments by offsetting the overpayment from a future payment made to the overpaid Provider.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits for the Covered Person that are payable under the Policy. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future Benefits.

LIMITATION OF ACTION

We encourage you to complete all the steps in the appeal process described in Appeal/Grievances and Independent External Review Request provision as an effective way of resolving disputes on a timely basis. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

- Be supported by well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group).

These medical and drug policies are subject to change without prior notice.

NEWBORNS AND MOTHERS HEALTH PROTECTION ACT OF 1996

Under Federal and state law you have certain rights and protections regarding your maternity benefits under the Plan.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under Federal law known as the “Newborns’ and Mothers’ Health Protection Act of 1996” (Newborns’ Act), group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier. Also, under Federal law, plans and issuers may not set the level of benefits or out of pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay. In addition, a Plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your Plan administrator.
